I want to congratulate Dr. Yvonne Kew and the Board of Directors for the excellent work they did the past year. I am honored to be elected as the president of CADAH for the year of 2013 to 2014. A new team of Board of Directors has been elected and their names are listed elsewhere in this newsletter. We are all very excited and enthusiastic to continue the legacy of CADAH in serving the CADAH community.

To current CADAH members

We will continue to 1) strengthen our ties through networking, community services and social events; 2) advance our medical/dental knowledge through continued medical education (CME) seminars; 3) enrich clinical experience by sharing our respective expertise with each other; 4) improve patient care by more efficient communication using the new generation of digital media and technology. In the months to come, the schedules of CME events, social gatherings and community services activities will all be announced via email and posted on this website. We plan to update this website with healthcare related presentations, webinars and detailed information of clinical practices of each member. A Chinese version of CADAH website will be created as well. These will provide avenues for knowledge exchange among members and education of the public with medical knowledge. Your participation and contribution is sincerely invited and encouraged.

Young doctors are the fresh blood of medical practices. My team will continue the endeavor of supporting young doctors through scholarship and mentoring programs. Your
support of the program including participation in future new year fund-raising galas will be sincerely appreciated.

To Non-CADAH member physicians, dentists or physician/dentist-in-training with Chinese heritage

We invite you to join us as your local academic family. As the only Chinese American physician organization in Houston, we boast for our more than 250 lifetime members in metropolitan Houston covering various clinical disciplines. There are numerous benefits for being a CADAH member, including professional support of each other, increased referrals and networking opportunities, collegiality, building new and long lasting friendships. It will be fun and a rewarding experience to be part of this thriving organization.

To residents/citizens in the Asian/Chinese community

Our CADAH physicians/dentists are eager to be your and your family’s first choice of physicians/dentists for any medical/dental needs from primary care to specialty services. We will certainly provide the best care possible to help you and your family members. Other than our second to none medical and dental services, most of our member offices or institutions offer the language services including the dialect of your choice to meet your medical needs. CADAH will provide regular health related seminars to local community and our members will be healthy-life-style consultants via newspapers, TV, and radio stations. We look forward to meeting you through those events. Please visit our website, www.cadah.org often as we update the website regularly.

Finally, I want to thank each CADAH member, for your passion in helping the sick, promoting healthy-life-style and well-being of the society, for your contribution in advancing medical treatment and improving healthcare delivery, for sharing your knowledge, experiences, and love of our profession. Your participation of CADAH activities is vital to our continued success. I am sure together, we can make the world and our Chinese community a better place tomorrow.

Best wishes

Jay-Jiguang Zhu, MD, PhD

CADAH will provide community talks on July 27th, 2013 from 1:00pm to 3:30pm at the Tracy Gee Community Center (3599 Westcenter Dr., Houston, TX 77042). This activity is hosted by the Zhi-Qing Association at Houston and supported by Memorial Hermann Hospital at the Texas Medical Center. Dr. Hue-Teh Shih will give a talk related to arrhythmia and Dr. Jay-Jiguang Zhu will present prevention, diagnosis and treatment of stroke. There will be plenty of time for questions and discussion after the presentations.

The Organization of Chinese Americans is hosting a Leadership Forum at the Houston Food Bank on Friday, August 18, 2013. They are looking for some doctors and dentists to help mentor college students who are interested in pursuing careers in medicine and dentistry. If you are interested in helping future doctors and dentists, please contact Dr. Stephen Chao at schao@bcm.edu.

On May 14, 2013, Dr. Paul Klotman, President and CEO of Baylor College of Medicine spoke about "Baylor College of Medicine, Today and Tomorrow", Health Reform, and the Physician Network Focus. It was held at the Trevisio Restaurant in the Medical Center.

On June 25, 2013, Dr. Howard Monsour, Head of Hepatology at The Methodist Hospital spoke about "Surveillance for Hepatocellular Carcinoma in the USA population" at Churrascos Restaurant in Sugar Land.

Coming on July 23, 2013, we will be having a talk by Dr. Jaciej Mrugala, from the Seattle Cancer Care Alliance, on "NovoTTF Therapy and the recurrent Glioblastoma Treatment Landscape". It will be at Taisho at Sugar Land. Send your RSVP to cme_rsvp@yahoo.com by July 18, 2013.
Welcome to New Members

We welcome new members who have joined CADAH this year. New lifetime members are: Drs. David Huang, Branden Hsu, Paul Zhang, Celestine Tung, Carolyn Chen and Stephen Chao. New regular members are Drs. David Lin, Vincent Wang, and Yu Bai. New resident member is Dr. Wonchon Lin. New student member is Ms. Yuan Wang.

David Huang, M.D., Ph.D., J.D., is a former CADAH scholarship winner. He specializes in internal medicine, infectious disease, and travel medicine. He is assistant professor at UMDNJ, and practices with the Texas Medical Care Specialists, PLLC.

Branden Hsu, M.D., specializes in medical oncology and is with the Texas Oncology group at Memorial City Hospital.

Paul Zhang, M.D., specializes in internal medicine, medical oncology, and acupuncture. He is with the Institute of Integrative BioOncology at the Methodist Hospital.

Celestine Tung, M.D., is a specialist in gynecologic oncology and assistant professor at the Baylor College of Medicine. She is on staff at the Methodist Hospital, St. Lukes Hospital, TCH Pavilion for Women, and the Ben Taub Hospital.

Stephen Chao, M.D., is assistant professor of family medicine at Baylor College of Medicine. He is on the Board of Directors of CADAH.

David Lin, M.D., specializes in orthopedic surgery and is with the Orthopaedic Associates LLC.

Vincent Wang, M.D., is a neurosurgeon with the Texas Spine and Neurosurgery group, and practices at the Methodist Sugar Land Hospital.

Yu Bai, M.D., Ph.D., specializes in pathology, transfusion medicine, and molecular diagnostics. She is associate professor at UT Houston medical school and is based at Memorial Hermann Hospital, Texas Medical Center.

Carolyn Chen, M.D., is an ophthalmologist specializing in retina. She is with the Houston Eye Associates and practices at the Methodist Hospital and Memorial Hermann Hospital.

Wonchon Lin, M.D., is a resident in ophthalmology at Baylor.

Yuan Wang is a medical student at UT Houston Medical School.
This year’s CADAH Scholarship Fundraising Gala, also celebrating the Chinese New Year, year of the snake, was held on March 2, 2013, at Ocean Palace Restaurant. This gala was also celebrating the 20th year anniversary of CADAH.

We had a record 360 people attending this year and the gala raised over $16,000 for the scholarship fund. Master of ceremonies was Dr. Karl King. Entertainment included a Lion Dance by the Texas Dragon Dance team from UT Austin, and Han and Miao Dances performed by the children from J & H Dance School.

Several of the 2012 CADAH Scholarship recipients were present. The third annual "Doctor of the Year" award was presented to Dr. James Tang. Dr. Jay Zhu conducted the raffle. There was an anniversary five tier cake baked by World Catering & Cakes.
The Annual General Assembly this year was held on April 27, 2013, at the Bunker Hill Conference Room at Memorial Hermann Memorial City Medical Center. We had generous support from Novocure Inc., Methodist DeBakey Heart & Vascular Center, MicroVention, Walgreen's Pharmacy, UCB, Prudential Financial, ReCept Pharmacy, Mischer Neuroscience Institute, and the Memorial City Memorial Hermann Medical Center. The meeting was held despite violent thunderstorms that caused flooding in many parts of the city, which kept many members from attending. We still had about 60 people present at the meeting. Dr. Yvonne Kew, President of CADAH, served as the Mistress of Ceremonies. Dr. Michael Speer, President of TMA, talked about "What the TMA is Doing for You". Other talks were by Dr. Chun-Huie Lin on "Advances in Adult Congenital Heart Disease", and Dr. Jay Zhu on "Treatment of Glioblastoma". Dr. James Tang presented the 2013 CADAH Scholarships to the following winners: Dennis Shung, the Dr. Benjamin Mo and Dr. Margerie Mo Scholarship; Erica Co-Reyes, the Martha Turner Properties Scholarship; Beverly Patuwo, the Dr. David Huang Foundation Scholarship; and CADAH Scholarships to Kevin Chow, Jeannie Ling, Stephanie Ng, and Stephanie Huang. A total of seven scholarships, each $1,000, were awarded this year.

Following the dinner, there was a business meeting where Dr. Jay Zhu was inducted as the CADAH president. The outgoing board members and supervisors were thanked for their services and the new board members and supervisors for 2013-2014 were introduced.
